PGPM

PGPM provides students with a broad work-related focus and is particularly useful for those students wishing to progress to an MBA degree. One of the key features of this diploma is that it engages students into related skills which will provide opportunities to develop a range of skills and techniques, personal skills and attributes essential for successful performance in their working life.

The Edexcel BTEC Extended Diploma in Strategic Management and Leadership is a valuable qualification in its own right as it prepares graduates from any discipline for a career in management or an executive or management role in any industry. As one of our many excellent business management courses, the program encourages learning beyond classroom discussions and the intense process prepares participants to analyze situations quickly and apply skills to real business situations. One learns to combine one's industry expertise with the fundamentals of management that one is exposed to over the year.
